FAQ

1.Are you a trade company or factory?

We are a power bank factory and welcome to visit our factory.

2. What's the MOQ of your products?

MOQ : 200pcs. Samples are available.

3. What kind of battery is built-in in the power bank?

There are two kinds of battery: Li-ion(18650) battery and li-polymer battery. For Li-ion (18650) battery: 2600mAh and 3000mAh ,others like 1800mAh, 2000mAh, 2200mAh are Chinese brand battery. If you have specified battery, it is OK. But the price will be different from our price list. For Li-polymer battery: We have our own li-polymer battery factory. You can customize, but MOQ must reach 3000pcs.

4. Can you customize packaging?

Yes, MOQ must reach 500pcs and the packaging cost will be charged according to the content on the packaging.

5. Can the power bank have customized writing or logo on them?

Yes, we can make any kinds of customized writing or logo on the power bank and MOQ is 500pcs. Single color logo is for free. Colorful logo cost is depended on your logo.

6.Can you customize power bank designing?

Yes,we have R&D team.You can provide your ID and communicate with our engineers.

7.What's the delivery way?

We will help our customers to choose a cheap, safe and available shipping. Now UPS Special Line is a good way.

8.What's the accessories included in the price list?

One Micro-USB cable. You can add other accessories as your requirement but need extra cost.
